1 KLIMA - PASS BY

The first place you will meet along the way it's Klima Village. Meet the fishers village, where back in the day, it was overwhelmed by them. You will see colourful doors, which are the entrances for their parking spots to their boats. Nowadays, most of these houses are rented out to tourists to keep the small village alive and warm.

3 CAPE VANI - PASS BY

Stunning rocks that elevate 100 meters above sea level. Leaving you without a breath. Take out your camera and snap an unforgettable moment.

2 ARKOUEDES - PASS BY

At the next stop you will take a look at some amazing rock formations that are called "Arkoudes" because it literally reminds you of a bear when you are looking at it!

6 KLEFTIKO - 2ND STOP

Our tour is proceeding to the Kleftiko side that it's been used by real pirates back in the day. It's a spot with white rocks formatted by volcanoes that eroded as time pass by. It's the perfect spot for snorkeling due to its crystal waters and for shooting stunning pictures.

8 SULFUR MINES - PASS BY

A visit that will take you back in time, since you will find yourself in an open-air museum of industrial archeology as there are all the old facilities of the sulfur mines at the back of the beach. Brimstone and rust have created a wonderful spectacle of colors.

Glaronisia consisted of uninhabited islets that are located to the north of Milos. Their morphology is the result of volcanic lava and the waters are magical.

THE CAPTAIN SPARROW ROUTE

Some days are just not ideal for sailing on the north side of the island. The sea turns out very turbulent with waves. The good news is that some minor waves won't stop our plans! We have created an alternative route for such days! The south side of the island is as peaceful as heaven during bad weather!

We will start from Adamas, and take a bus ride to Paleochori. On your arrival, you will be picked with our catamaran, or in the worst case, you will wait a few minutes until it arrives.

Don't worry any extra cost occurred from the transportation will be fully covered by Trinity Yachting!
